1. Create a Display dropdown list at the top-right-corner of the table (to the right-hand-side of the Search box), give it a name called Display Columns. There the following checkboxes shown in the dropdown list :  
Order NO. Purchase Date, Product Name, SKU, Name, Customer Email, Company name, Address, Address2, Suburb, Postcode, State, Phone, Item Option, Quantity, Price (Per Unit), Total Shipping, Total Sale Price, Commission, Shipping Area, Payments, Tracking Code, Courier, Supplier Note,
2. In the dropdown list, default to have the following column names checked: SKU, Name, Customer Email, Company name, Address, Address2, Suburb, Postcode, State, Phone, Quantity, Price (Per Unit).
3. When a checkbox is checked, the table will have the corresponding column display, and when the checkbox is unchecked, the table will have the corresponding column hide from display.
